### *When Columbus' good ship "Santa Maria"*

in 1492 dropped its anchor on the shores of San Salvador, already the third generation of brewers, whose beer was the pride and joy of the citizens of Pilsen, grew old. With progress of time also the fame of Pilsner Beer spread into the whole world. "PILSNER URQUELL" may be exported, but the skill of Pilsner brewers, the special hard water and the 9 km long cellars hewn in rocks cannot be moved from one place to another. This is the reason why genuine "PILSNER URQUELL" with an inimitable fine hop flavour, sparkling golden colour and crowned with a snow-white foam head is still being brewed today in PILSEN. "PILSNER URQUELL" is being exported into the whole world. It tastes best when cooled to 8-10 C (46-50 F).

*There exists only ONE genuine "Pilsner" — BREWED IN PILSEN!*
